

REVIEW

for educational – professional program
"Management of organizations and administration"
specjalty 073 "Management"
field of knowledge 07 "Management and administration"
at Lviv State University of Life Safety, Ukraine

The educational – professional training program for higher education "Management of Organizations and Administration" implemented at the Lviv State University of Life Safety (Ukraine) was developed by the project team taking into account the needs and requirements of the modern labor market in close communication with potential employers (stakeholders).

The main vision of the peer-reviewed educational – professional program is to train highly qualified specialists who will use the acquired theoretical knowledge in the practice of management decisions, risk assessment to ensure safety.

The educational – professional program takes into account the peculiarities of the regional context and turbulent environment. The program is developed on the basis of the standard of higher education in the corresponding specialty. It has an up-to-date and logically selected list of mandatory and optional components, contains all the necessary structural and semantic components. The program also provides for the practical preparation and conduct of state certification of applicants.

Staffing of the educational – professional program is provided by scientific and pedagogical staff of the university, with relevant experience. Practically-oriented nature involves the involvement of practitioners who correspond to the direction of the program.

We recommend the educational – professional program "Management of organizations" in the field of knowledge 07 "Management and Administration" of the first bachelor's degree in higher education at Lviv State University of Life Safety (Ukraine) prepared by the Department of Law and Management in the Field of Civil Protection for use in preparation of students for obtaining higher education.
